Phone: +7 (950)-025-44-77
City: Saint-Petersburg, Russia

Education_____

2021-ongoing ITMO University, "Information system Security", bachelor degree, Saint Petersburg

ADDITIONAL COURSES (beyond the bachelor degree)

2021-2022 Stepik (Avito course) - «Multithreading in iOS» completed course

Project_____

WEATHER APP

In this project, I created a client-server application. In the application, work with the network is carried out using the Alamofire library. Also, all screens are made using Snap Kit. In this project, I used the MVVM architectural solution. The functionality of this application you can look at the git: https://github.com/4Dan4/DysWeatherApp

Professional skills_____

PROGRAMMING LANGUAGES
Swift, Java, C++, NASM
FRAMEWORKS
Alamofire, SnapKit, Charts, SwiftUI charts, Swifty JSON, MapKit, CoreLocation, CoreData, UserDefaults
OTHERS
Git, VkSDK, OAuth, CocoaPods, SPM

Soft skills_____

Communicable. Teamwork experience.
Leadership. Leader of the CTF team.
I'm learning fast.
Enthusiast. Completed IT courses beyond the bachelor degree study.
Strong attention to details.
